

CTS Innovations, Inc. ask

“Why Wait?”

Stand Ready™ brand Inverted Bottle Holder

- * a safe and easy to use way of storing a bottle **upside-down**!
- * time savings and convenience with contents of most bottled products **ready** to use!
- * reduces waste by getting the most out of the **products** you use everyday!
- * **reduces** motion required for people with physical impairments (such as arthritis).
- * save energy by not having to **wait** for contents of a bottle (shampoo during a hot shower).

Stand Ready™ brand Inverted Bottle Holder has a compact (3" diameter x 3½" tall) *patent pending* design that fits neatly on a shower shelf or in the corner of the bathtub and makes an attractive kitchen accessory.

Think about making use of Stand Ready™ brand Inverted Bottle Holder with your shampoo, conditioner, liquid soap, body wash, hair gel, hand lotion, ketchup, mustard, barbecue sauce, steak sauce, seafood sauce, honey, salad dressing and pancake syrup bottles as well as your car polish, wood glue and motor oil. 2 and 3 liter soda pop bottles hold their "fizz" longer when stored inverted after opening.

Here is a fact for you. Stand Ready™ brand Inverted Bottle Holder is made in the **USA** from recyclable plastic and the label is printed with environmentally friendly ink on paper that contains 50% recycled material.

“certainly a wonderful addition to anyone's home.”

- Joy Loverde, Author of *The Complete Eldercare Planner* (Times Books) www.elderindustry.com

Color: Almond, Price: \$2.50 each + applicable tax, shipping & ehandling. “**Wait**” no more!
